

THE FLORENCE NIGHTINGALE OF THE

The following is an extract from a letter written by the Rev C. Z. Wieser, to the "German Reformed Messenger," at Chambersburg, Penn.

“There is a woman in the public eye, whose name had all along been associated, in our mind, with the ‘Yankee,’ ‘Quack,’ and ‘Humbug.’ But it is no longer, and we desire to write her name from all such suspicious association in all other minds. Whatever notions we may have of womanly delicacy and propriety, we will admit that woman alone is the Nurse—the *cooing* Nurse—the *smart* Nurse. Whether we shall have female physicians or not is a question which must be decided by time and principle, and not as a matter of taste. *Prize, prejudice, caprice, and custom* may all behave themselves, for I think, is really a want there will also be a supply—if there be a ‘*calling*,’ there will be a ‘*coming*.’ Nature and Human Society are always self-supplying, and though Art and Fashion may hinder, they cannot oppress.”

"Mrs. Winslow does not want to treat you, gentlemen! as does she prescribe a regimen for your wives; but modestly appears as a messenger of health and happiness to your INFANTS in the cradle. Is there anything improper in that? A nurse of 'ten years' experience can boldly say what is or is not good for a babe—and ought to be listened to. God speed her on her humble but happy mission. She is the most successful nurse/agreous little one ever enjoyed—her doting parents not excepted. Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the nursery. Of this we are

sure, that we will teach our 'Bury' to say, 'A BLESSING ON MRS. WINSLOW,' for helping her to survive and escape the gripping, colicking, and teething stage. We confirm every word set forth in the Prospectus. It performs precisely what it professes to perform—every part of it, nothing less. Away with your 'Cordial,' 'Paregoric,' 'Drops,' 'Laudanum,' and every other narcotic, by which the babe is drugged into stupidity, rendered dull and idiotic for life!

"We have never seen Mrs. Winslow—know her only through the preparation of her 'SOOTHING SYRUP FOR CHILDREN TEETHING.' If we had the power we would make

her, as she is, a physical savior to the infant race."

—

HIGHLY IMPORTANT TO MOTHERS.—MRS. WINSLOW'S SOOTHING SYRUP is the only thing that you can *rely* upon to give rest to yourself, and relief and help to your infant.

MRS. WINSLOW'S SOOTHING SYRUP has been the means of restoring the drooping spirits of many mothers.

—

This is the season of the year to use **MRS. WINSLOW'S SOOTHING SYRUP.**

—

To every mother who has children suffering from any of the complaints incident to this period of teething, we say do not let your own prejudices, or the prejudices of others, stand in the way of the relief that will be sure—yes, absolutely sure—to follow the use of MRS. WINSLOW'S SOOTHING SYRUP.

Druggists everywhere now keep MRS. WINSLOW'S SOOTHING SYRUP for children teething. No medicine in the United States sells like it. It is a standard medicine, and its fame world-wide. Physicians order and use it wherever its magical effects have been witnessed.

During the thirty years of unopposed and increasing popularity of MRS. WINSLOW'S SOOTHING SYRUP, imitable "CORDIALS" and other nostrums, prepared by pretended M. D.'s, have sprung up and lived but a mushroom existence, while the SOOTHING SYRUP has been constantly increasing in popularity, and become a household word, and thousands of mothers thank MRS. WINSLOW for the health of their children by the use of her invaluable article.

When the present race of "CORDIALS" have followed in the footsteps of their "Illustrated predecessors," MRS. WINSLOW'S

SOOTHING SYRUP will continue to be a popular favorite and a blessing to every mother.
